LeetCode: Arun_prasath_ | Tirupur, TamilNadu

PROFESSIONAL SUMMARY

Final-year CSE student at Nandha College of Technology (CGPA: 8.17/10) with hands-on experience in full-stack development, REST APIs, and AI-integrated systems across two internships. Proficient in Python, Java, and JavaScript; 500+ LeetCode problems solved; HackerRank-verified in Python and SQL.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript

Frameworks: React.js

Databases & Tools: MySQL, MongoDB, Git, GitHub, REST API

Competencies: Machine Learning, Data Structures & Algorithms, System Design, Performance Optimization

INTERNSHIP EXPERIENCE

MERN Stack Intern | IIT Ropar – NPTEL (Winter Internship)

Dec 2024 – Jan 2025

- Learned TypeScript, MongoDB, React.js, and Express.js through 30+ competitive engineering sessions among 50+ interns nationwide.
- Completed 5+ case studies of increasing complexity; applied systematic debugging to resolve integration errors; earned NPTEL completion certificate via viva evaluation.

Full Stack Development Intern | Crescent Infotech

Jun 2025 – Jul 2025

- Built and deployed full-stack features using React.js, Node.js, and MongoDB with end-to-end frontend-backend integration across the full project lifecycle.
- Designed RESTful API endpoints for JSON data exchange; resolved cross-browser compatibility issues and optimized performance across multiple modules.

PROJECTS

Gazelink — Real-Time Webcam Eye-Tracking AAC System

Python, MediaPipe, OpenCV, Streamlit, Google TTS

- Built a hardware-free accessibility system using MediaPipe FaceLandmarker (478 landmarks) to convert any webcam into a cursor-control device for users with ALS or cerebral palsy — zero calibration, zero specialized hardware required.
- Engineered 3 gaze-based input signals with concurrent landmark-processing; integrated a 48-phrase symbol board (6 categories) and Google TTS supporting 10+ languages.

Data Quality Guardian + Flask Backend

Python, Pandas, Flask, HTML5

- Automated a B2B data cleaning pipeline with anomaly detection, deduplication, and job-function standardization; built a scalable Flask backend with complete POST routing.

EDUCATION

B.E. Computer Science and Engineering | Nandha College of Technology

2023 – 2027

Anna University • CGPA: 8.17 / 10 • 4th Year

Higher Secondary (Class XII) | Subash Matriculation Higher Secondary School

2022 – 2023

Score: 76.5%

CERTIFICATIONS & ACHIEVEMENTS

- NPTEL Elite Certifications: Programming in Java | The Joy of Computing using Python | Cloud Computing
- Oracle AI Foundations Associate — Certified 2024 | HackerRank – Python (Basic) & SQL (Basic) — Verified
